

# PHENOM | 300

## Aircraft Overview

Born to perform, the Phenom 300 flies high, fast and in style. This extraordinary aircraft is arguably the most modern light jet available. With passenger amenities including WiFi, iridium telephone, iPod/iPhone compatible ports, a full refreshment center and an interior designed by BMW, the Phenom 300 fits even the most discerning. The Phenom 300 brings passenger comfort together with the latest in technology to offer charter clients a best-in-class experience at a competitive price.
